

# Full Service Community School Summer Learning Program

June 29-August 7, 2009

## Half-Day Enrichment Program

School may be out for summer but the learning goes on in a fun and engaging program. Students will participate in enrichment classes with a focus on literacy, math and health. Activities are designed for students to explore learning and build skills in a small group setting. Many of the activities are hands-on and include the library, city gardening program, sports leagues, environmental discovery and health education with the help of our partner organizations.

The program is grade level appropriate and children participate in hands-on educational workshops each day.

Half-Day Program hours are from 8:45 am – 12:00 pm with a Pre-Camp option from 6:30-8:45 am at Bailey Elementary School.

Program Cost: Sliding Fee Scale

## Full-Day Enrichment & Camp Program

By combining morning enrichment and afternoon recreation, the full-day program is an excellent way to spend the summer learning and playing.

When morning enrichment concludes, students board a bus and travel to YMCA Camp Massasoit in Johnston. Students will swim daily and participate in a wide-variety of rotating activities: Archery, Art & Crafts, Dance, Games, Hiking, and Sports are all part of the weekly fun.

Full-Day Program hours are from 8:45 am-4:00 pm with a Pre-Camp option from 6:30-8:45 am and a Post-Camp option from 4:00-6:00 pm at Bailey Elementary School
