About the Greater Providence YMCA Financial Assistance Fund and Campaign

The YMCA, as a human service agency, offers assistance options to ensure that no one is turned away due to financial limitations.

It is the policy of the YMCA of Greater Providence to provide services within the limits of our resources to anyone who wishes to participate in our programs and understand the benefits of the Y, regardless of his/her ability to pay the standard fees.

We also believe that a strong sense of ownership and pride is developed if the recipient contributes to the cost of his/her YMCA involvement. Therefore, all applicants will be asked to pay a portion of the fees involved.

In order to assist as many families as possible we generally offer a maximum of 50% the published rate. The Member/Program fee chart is based on number of people in the household.
