

How to Register for Summer Camp

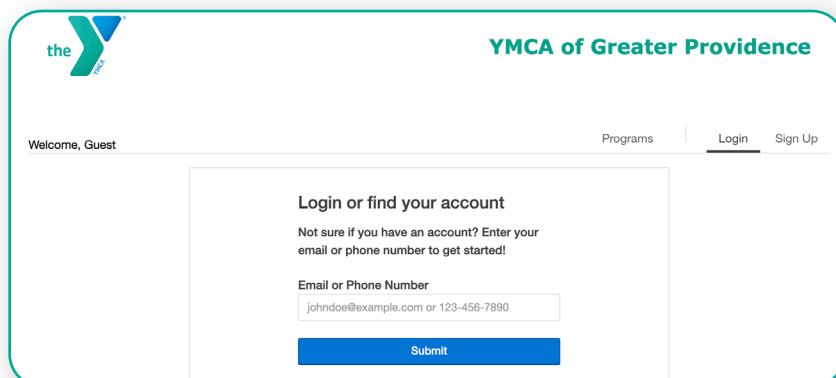

- 1 Visit www.RediscoverYCamp.org to see what camps are being offered at you local YMCA. When you have decided to register click the Register Now button next to the camp that your child will attend.

- 2 **Now it's time to pick your camps!** Select all of the options that you need to register for – including if you need extended care – by checking the box to the left of your selection. In the below example we will be registering for Week 1 Pioneer Camp with the AM extended care option. Once you have made all of your selections click the blue **Register** button in the upper right corner.

- 3 Login-in or create a new account with the YMCA. You can use your phone number or e-mail to search for your account and log-in or if you've never participated in YMCA programs you can create an account by clicking on **Sign Up** in the upper right corner.

4 Signing up for a new YMCA account or membership

To receive member rates on summer camp you will need to have an active membership at the time of registration. You do not need an active membership to register, just to receive the discounted rates.

When creating an online account, if you do not need a membership choose the Non-Member Option at the bottom of the list. This will allow you to move forward with registration without an active membership.

NOTE: When creating a new account, you will need to first add your information as the primary account holder but then you will also need to add your child's info so that you can register them for Camp.

The screenshot shows the 'Choose your membership' page on the YMCA of Greater Providence website. The user is logged in as a guest. The page prompts the user to choose a location (Kent County YMCA) and then presents membership options. The 'Non-Member' option is selected, which is free. A 'Next' button is at the bottom right.
